About Buck & Hickman

Buck & Hickman is the UK's leading distributor of Tools, Maintenance and Health & Safety products.

Products

With a massive stocked range of over 60,000 products Buck & Hickman offers a complete 'one-stop shop' solution for all your tools, maintenance and health & safety needs. We can supply products from all the leading brand-names as well as the 'Roebuck' range of products available exclusively from Buck & Hickman.

Relationships

Unlike many other catalogue-based distribution companies who rely totally on call-centres, we believe that one-to-one local relationships are key to the way we do business. Consequently we try to ensure that our customers have access to contacts at every level within the business including local branch teams, van drivers, field sales staff, and health & safety specialists.

Service

Buck & Hickman is committed to delivering a truly local service and operates a network of 29 local branches throughout the UK.

The branches are supported by our National Distribution Centre based in Coventry. Covering over 160,000 sq. ft the NDC stocks over 60,000 individual product lines, and provides an overnight delivery service to ensure that all the products it contains are available to customers on a 'next day' basis.

Solutions

Buck & Hickman is the UK's leading provider of Stock Management and Electronic Ordering Solutions. Hundreds of our customers are already benefiting from increased stock efficiency, increased productivity and greater control and accountability. Our market-leading solutions include Vendor Managed Inventory, E-commerce and Online ordering.

Meeting the needs of the Rail Industry

Buck & Hickman has been a major supplier to the Rail sector for many years and our customers include some of the biggest names in the industry.

This experience means we can provide companies operating in the Rail sector with a wide range of products and solutions tailored specifically around the needs of your industry.
