Buck &
Hickman

Engineered for Industry

The Roebuck brand is available exclusively from Buck & Hickman and offers a comprehensive range of over 23,000 Tools, Maintenance and Health & Safety products.

Roebuck is one of the oldest and longest established tools brands in the world and has been used and trusted by industries throughout the UK for over 150 years. Original Roebuck tools are now collector's items.

Roebuck products are designed specifically for professional users working in demanding industrial environments. Roebuck offers a unique combination of range, industrial quality and outstanding value for money. It provides a proven and effective solution for customers who need to reduce their overall purchasing costs but without compromising on quality or performance.

Roebuck Hand Tools and Spanners & Sockets are also covered by a lifetime warranty. (See reverse for Terms and Conditions).

The Roebuck range of over 23,000 products includes:

Innovation as standard

Roebuck products aren't simply an exclusive industry alternative to more expensive branded products. A number of Roebuck products feature genuinely unique features and benefits not available from any other manufacturer. Products like the Roebuck 'UniWrench'.

The Roebuck UniWrench

With a worldwide patent the UniWrench metric combination spanner set is available exclusively from Roebuck. It's the perfect tool for all Maintenance Engineers.

- A unique open end Non Slip design allows you to remove damaged fasteners including up to 70% rounded off bolts and nuts.

- The spherical box end design can fit various kinds of bolts such as:

■ Spline	■ 12-point	■ Square	■ Star	■ 6-point	■ 6-point 50% rounded off
					

Metric combination spanner set includes: 8,10,11,12,13,14,15,16,17,18,19mm sizes. Also available in individual sizes and as an A/F combination spanner set. It's the only spanner you'll ever need!

Helping you to reduce your annual purchasing costs

The need to achieve annual cost down targets is now a reality of life for most Purchasing departments. This has been made doubly challenging in recent years by significant increases in direct costs including raw materials and energy. This has placed an even greater focus on reducing indirect costs of which Tools, Maintenance and Health & Safety products are a key element.

Switching to Roebuck offers you the opportunity to reduce your annual spend on these products without compromising on quality. The Roebuck range has been developed specifically for industrial users and therefore you do not pay for the costs associated with branded alternatives which are also actively marketed to retail customers.

This means you can safely switch from more expensive branded products to Roebuck alternatives without compromising on quality or performance. For some of our customers switching to Roebuck has enabled them to save tens of thousands of pounds in reduced spend on Tools, Maintenance and Health & Safety products.

Setting the standard for industrial quality products

Roebuck products are designed and engineered to the same standards as more expensive branded alternatives. This means you can be confident that they will deliver the same levels of performance and durability.

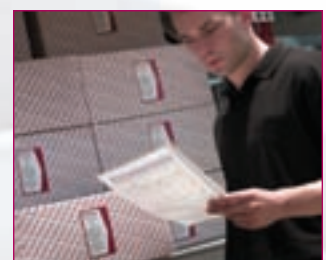

All Roebuck products are subject to rigorous independent testing to the appropriate industry standards and their performance benchmarked against the leading branded alternatives.

Relevant standards include: DIN, ISO, BS, EN, IEC, Cenelec, ATEX

Roebuck products are used by some of the leading names in UK industry including:

- **AgustaWestland**
- **BAE Systems**
- **Carillion**
- **Honda UK**
- **JCB**
- **Martin Baker Aircraft**
- **Network Rail**
- **Rolls Royce**
- **RWE npower**
- **Severn Trent Water**
- **Smiths Aerospace**
- **South West Trains**
- **Thames Water**
- **Toyota Motor Europe**

The Roebuck Cost-down survey

Converting to Roebuck products could potentially save your company thousands of pounds. To find out exactly how much you could save simply contact your local Buck & Hickman branch and ask for a Roebuck Cost-down survey.

The survey consists of 3 simple stages:

1 Provide us with details of the tools, maintenance and health & safety products you currently buy. This needs to include the unit cost of each item and the annual volume you buy.

2 We will cross-reference your current purchases to a direct Roebuck equivalent.

3 We will then calculate the cost-saving you could achieve by switching your spend to equivalent Roebuck products based on the prices and annual volumes you have provided.

It really is that simple. Switching to Roebuck means you can reduce your overall purchasing costs but without compromising on quality or performance.

Lifetime Warranty - Terms & Conditions.

1. The Roebuck Lifetime Warranty applies to Roebuck Hand Tools and Spanners & Sockets only and is offered in addition to the Buck & Hickman standard Warranty/ Guarantee as set-out in its terms and conditions of sale.
For a definitive list of the Hand Tools and Spanners & Sockets included please see the relevant 'Hand Tools' and 'Spanners & Sockets' sections of the Buck & Hickman main catalogue.
2. Under the terms of this Lifetime Warranty Buck & Hickman agrees to repair or replace, free of charge, any Roebuck Hand Tools/Spanners & Sockets which prove defective due to faulty materials, workmanship or design during the normal life of the tool.
3. This Lifetime Warranty will not apply and Buck & Hickman will have no liability where the damage or defect arises as a result of:
 - wear and tear;
 - misuse or use for any purpose for which the hand tool was not intended;
 - mishandling;
 - poor, inadequate or inappropriate maintenance or storage; or
 - alteration or repair of the product by parties other than Buck & Hickman.
4. While Buck & Hickman is happy to repair or replace tools under the terms of this Lifetime Warranty, its liability is limited to the repair or replacement of the damaged or defective product covered by this Warranty. Buck & Hickman will have no further or additional liability in respect of any damage or defect and, as set out in Condition 10 of its standard terms and conditions of sale (a copy of the current edition of which is on the Company's website at www.buckandhickman.com), Buck & Hickman expressly excludes any liability it might otherwise have for any direct, indirect or consequential loss, however arising, including in negligence. Unless the claim is in relation to death or personal injury resulting from Buck & Hickman's negligence, when Buck & Hickman will not limit or restrict its liability in any way. All Roebuck products which are not Hand Tools or Spanners & Sockets and do not qualify for this Lifetime Warranty remain covered by the Buck & Hickman warranty set out in our standard terms and conditions of sale.
5. Roebuck products are designed for professional use. If they are being used by a consumer, that consumer's rights are unaffected by the terms of this Warranty.
6. If you believe that your Roebuck tool meets the criteria for warranty replacement then return it in the first instance to your nearest Buck & Hickman branch. To find your nearest branch visit our website at www.buckandhickman.com.
